

JUDY BULLOCKUS

Incumbent

As a 5 year Incumbent on the Capistrano Unified School District (CUSD) Trustee Board, I'm running for re-election to ensure students come first in all decisions in our school district.

I will continue to serve the students and families in my community through active communication while evaluating district policies. My ability to facilitate open dialogue between students, faculty, and family is why I was unanimously voted President of the Board of Trustees in 2021. During my presidency over one of the largest California school districts, we were among the first to have our students safely return to in-person classroom instruction.

My goal is to diversify opportunities, promote innovation, and preserve American values in public education. Engaging all students in meaningful educational experiences increases their post-secondary options that prepare our students to meet the challenges of a rapidly changing world.

All students should have the same access to the excellent educational experience our two children had at CUSD. That's why my committed focus as School Board Trustee is individual student success.
