

DAN WALSH

Teacher

I am seeking your support for Saddleback Valley Unified School District Trustee Area 1. I am a parent and experienced local teacher for 24 years. I am involved with college faculty leadership, district planning, board policy development and General Education program development for the CSU system. I am qualified and committed to SVUSD's continued success.

As a candidate with a child in the SVUSD, I am involved in the day-to-day experience in what is happening with students and their parents. Our students continue to receive an outstanding education from skilled, dedicated teachers. However, the district sometimes has challenges when communicating with parents. Programs that can best serve the needs of students require stronger leadership, especially for Area 1 when bullying and physical violence can be an ongoing concern.

Let's use SVUSD resources where they help the students the most: Maintaining quality education, ensuring safety, and applying fiscally responsible programs that connect with student success.

I value quality education and am honored to be endorsed by our local teachers. I ask for your vote so that together we can continue developing the best schools for our neighborhood.
