

BILLIE JOE WRIGHT

High School Teacher

I have dedicated my life to helping students and families achieve their dreams through a quality public education. As a teacher, I fight everyday for our kids in the classroom, as your trustee, I'll continue to stand up for them on the school board while ensuring parents have a voice in their education.

Growing up in a biracial, Spanish-speaking household, I understand the needs of our diverse community. As your Anaheim neighbor and a proud homeowner, I will work to be a trustee for all Anaheim parents, students, taxpayers, and residents.

I will always ensure our students are safe and campuses are secure. In addition, as your trustee I will:

- Prioritize student mental health and wellness

- Increase graduation rates and preparedness

- Expand technical education opportunities and career training.

- Invest in visual, performing arts, and after school enrichment programs.

In addition to teaching our kids, I've served our community on the AESD Citizens Oversight Committee, the Anaheim, Budget, Investment and Technology Commission, and as a local volunteer with groups like Anaheim Green Bird, which helps clean up our neighborhoods.

I'm proudly endorsed by Congressman Lou Correa.

Our kids are worth it, let's put them first together.
