

**MATTHEW HARPER**

Businessman/Business Owner

My name is Matthew Harper and I'm running for Huntington Beach Union High School District.

I signed the Pledge to Protect Proposition 13 and the Pledge to Oppose Tax Increases.

Not only have I pledged to defend Proposition 13 and oppose tax increases, but I have a consistent record of upholding these promises as your elected official. I was elected to serve three terms on the Huntington Beach Union High School District. I was then elected to serve a term on the Huntington Beach City Council, chosen as Mayor my final year. Subsequently, I was elected to serve two terms to the California State Assembly.

I consistently earned an "A" rating from the Howard Jarvis Taxpayers Association.

I grew up here, attending public schools in Westminster and Huntington Beach. My wife Elizabeth and I are homeowners in Huntington Beach. We graduated together from Huntington Beach High School. I later attended the University of Southern California, earning my degree in Public Policy and Management.

I am running because I have the education, experience and qualifications to make a difference. As trustee, I successfully fought to overturn a discriminatory board policy and defended the Veterans plaque at Huntington Beach High School. My priorities; focus on higher academic achievement in English and Math, administrative and fiscal accountability, and a greater role in decision-making for parents and students.

Please vote, "Matthew Harper for Huntington Beach Union High School District."
