

TROY TANAKA
Parent/Landlord

I am Troy Tanaka and I am running for Cypress School Board to fight for accountability, transparency and creating an environment where our teachers and students can flourish.

My family has called Cypress home since 1967. This community has provided me with quality schools such as Damron and Vessels Elementary, Lexington Junior High, and Cypress High School, enabling me to earn my Bachelor's Degree from California State University, Fullerton. I am the proud parent of two young boys.

I am a seasoned strategic technology leader with more than 25 years of experience working in the public sector. I know how to identify problems, engage and listen to people, and find and implement solutions. With my strong background in finance, I want teachers and parents to know where every taxpayer dollar is being spent.

As your School Board Member and as a concerned parent I will tirelessly advocate for our youth. I will focus on bringing accountability, transparency and our community's voices to our School District.

As a son of Cypress, I want to ensure that our youth have every opportunity like I did to build a foundation for a successful life.

I ask for your vote.
