

PAUL R. MORROW

Retired School Administrator

As a resident of the City of Huntington Beach for over 36 years and an experienced Board of Trustees member for the past 8 years, I take great pride in being a long-term resident and in contributing to the most important aspect of our community, our school system.

As a principal, I have led three schools (Moffett, Sowers, and Marina) achieving recognition as California Distinguished Schools and one as a National Blue Ribbon School of Excellence.

The HBCSD has a tradition of excellence in the education of our city's youth. Programs for at-risk students, athletics, extracurricular activities, advanced learning opportunities, science, art, and innovative instructional practices need to continue and can do so with careful management, sound decision-making practices, and collaboration of all stakeholders.

The years of experience as an educator that I bring as a trustee include 40+ years as a teacher, administrator, Board of Trustees member, active participation in our city's rich surfing culture as well as a Doctorate in Educational Leadership.

I would be more than proud to continue to work for you in providing a focus on educational excellence, safe schools, and a collaborative decision-making process to ensure high-quality education.
