

**MORGAN WESTMORELAND**

Nurse Educator/Parent

As a mother, my three most precious assets are my children ages 7, 8, and 11. I am running for the Ocean View School Board to ensure that they and all children in the OVSD community are afforded a quality education from passionate educators in a safe and supportive academic environment.

As a nurse and clinical educator, I've closely followed the impacts that the pandemic and the subsequent responses have had on our children, families, and educators. I am running to leverage my clinical expertise to ensure that we enhance the parts of the response that were helpful but also take a deliberate stance against unnecessary and destructive elements.

As an enthusiastic supporter of OVSD's excellent educators, I am running to repatriate children and families back to our district and prevent putting our educators at further risk of movement from their preferred schools or to outside districts.

As a parent who believes in transparency and parental engagement, I am running to ensure that all decisions regarding the welfare of our children are proactively communicated and clearly articulated to all guardians of the children in OVSD. I humbly, and respectfully ask for your vote to represent our community's voice.
