

PATRICIA SINGER**AGE: 39**

Governing Board Member, Ocean View School District

As a parent, school board trustee, and an active Ocean View community member, I have a strong personal interest in the welfare, safety, and success of all students. For the last five years, I have been a member of the Ocean View School District Board of Trustees. In 2021 I was the Board President. This year, I am collaboratively serving as the Board Vice President. Prior to my tenure as an OVSD Board member, I was elected and honored to serve as the OVSD Parent Teacher Organization (PTA/PTSO) Roundtable President for 3 years. During my tenure as the PTA/PTSO Roundtable President, along with the school site PTA/PTSO Presidents from all 15 Ocean View Schools, I worked collaboratively with parents, community members, teachers, and school site administrators.

You can count on me to listen and understand the challenges that lie ahead. With the experience and knowledge I have gained, I know that smaller class sizes, proving school security and offering innovative programs are our top priorities. I will continue to work diligently with parents, teachers and administrators to provide an exceptional educational experience for all our children.

As a trustee, I know firsthand the importance of good schools, which tremendously affect property values. I understand the need for transparency and fiscal oversight. Count on me to continue to advocate for safe and secure schools. We have implemented security measures in Ocean View including the Raptor system, security fencing and background checks for anyone who enters our campuses to keep students and staff safe.

We are continuing modernization projects of our schools, and this remains an ongoing process that I am honored to oversee, on budget and on time. It is my utmost responsibility and duty to be a staunch fiduciary of our tax dollars.

Ocean View is a highly respected school district, with a legacy of stellar achievement in the State of California. Our teachers and staff are second to none, focusing all efforts on our students. Students remain our number one priority. With your help and support, we can continue the progress we have made together.

As a proud parent of two school-aged children, I understand the needs of students, parents, and taxpayers. I am honored to be endorsed by hundreds of teachers, school staff, nurses, first responders, and community members, and I respectfully ask for your vote.
