

JACK SOUDERS

Governing Board Member, Ocean View School District

In my roles as father, teacher, and OVSD board member, I am always thinking about student safety and success. However, nobody knows what kids need better than their parents, and nobody works harder than teachers to prepare our students. I will continue to ensure parents, teachers, and all stakeholders have a seat at the table in Ocean View, where the decisions are made, with safety being our number one priority.

As your school board clerk, I have worked to assemble a team that makes partnerships, not politics a priority. With intentional focus by our board of trustees, we have collaborated and improved communication with families, staff, and community on important decisions. With your help, we have successfully modernized and reopened multiple schools, and are embarking on modernizing our remaining school sites.

As a teacher for 20 years, parent of three Ocean View graduates, and a fiduciary of OVSD; I understand the needs of students, parents, and taxpayers. With your vote, I will continue to use my leadership, experience, and financial know-how to work to improve the lives of children.
