

**ELIZABETH WINKLER**

Educator/Parent

I'm asking you today to give me the opportunity to serve our community with my experience as:

- a former student in the Savanna School District,
- a parent, and
- an teacher.

As a student, I experienced a variety of challenges in school. I know firsthand the importance of supporting students by equipping them with resiliency, the tools they need to bridge disparities, and by ensuring their comprehensive health and safety.

As a parent whose children attended public schools overseas, I know firsthand the challenges of public education in multicultural families. Just as I have successfully advocated for my own children, I want to advocate for your children.

As a teacher, I know the key to inspiring each student to become the best version of themselves is to provide the opportunities and tools needed to motivate them and unlock their individual potential.

My heart beats for the community I grew up in, and I want to give back! My goal is to ensure that students are equipped with everything they need to thrive as individuals, in our local communities, and as adults--prepared for life and contributing to society.

I humbly ask for your vote.
