

NANCY WATKINS

Educator/Parent

My name is Dr. Nancy Watkins, I am an educator, dedicated mother, and passionate champion for top-tier public education. I am prepared to provide our education community with a new perspective.

With over 30 years of experience working in classrooms, I've dedicated my career to supporting students and collaborating with parents and taxpayers. I will fight to ensure our students are proficient in core subjects like math, science, and reading, with access and opportunities to electives. My top priority is to prepare students to meet their potential and thrive in the future job market.

My vision for the Orange County Board of Education involves prioritizing fiscal responsibility, equipping our students with the necessary tools for success, and ensuring our board remains accountable to parents. Good schools require active parent, taxpayer, and community involvement. I'm committed to engaging with community stakeholders.

Whether our students seek to pursue a college degree, a vocational career, or service in the military, our responsibility is to provide them with access and guidance to reach their goals. I will ensure decisions and policies are practical, realistic, and effective for students. Vote for Dr. Nancy Watkins, and let's focus on quality education for all.
