

**Impartial Analysis
Orange Unified School District
Measure G**

California Education Code section 35107 allows the governing board of a school district to submit a proposal to limit the number of terms a member of its governing board can serve to voters for approval. If approved by a majority of voters voting on the measure, the measure would only apply prospectively.

Presently, the Board of Education of the Orange Unified School District consists of seven members. Each Board member has a term of four years and, currently, there are no limits on the number of terms a Board member may serve.

This measure was placed on the ballot by the Board of Education for the Orange Unified School District. The measure would restrict any member from serving more than three terms on the Board of Education consisting of four years each whether served consecutively or nonconsecutively. Members that have served the lifetime three term maximum allowed under this measure would not be able to serve on the Board of Education again.

If the majority of the voters within the Orange Unified School District voting on the proposal vote "yes," members of the Board of Education would be subject to a lifetime term limit of three terms consisting of four years each whether served consecutively or nonconsecutively. A "no" vote on this measure will disapprove the proposal and no term limits will be established.
